Empowering every child, every day to create a better world

January 24, 2021

Hello Families,

Last week was a busy week at Mistletoe. As I have shared, we did have to send home three classes this week due to COVID. I know everyone is doing their best and I can't thank you enough for your efforts from adapting to last minute Distance Learning situations to keeping your kids home when they have a symptom of COVID. I'm proud of the resiliency of our students', patience from our families, and the staff's ability to adapt to constant changes.

The next change we all have to adapt to is the new mask regulation implemented from the California Department of Public Health. Beginning tomorrow, all of our students, JK-8th grade, must wear a mask all day except when eating. That means when they come onto and off of campus, during class, PE, and recess. This is going to be a big change for our primary students. I realize this will be a difficult transition for some families. However, being a public entity we have to follow state guidelines put in place.

A quick reminder, please drop and pick up your students in the designated stops we have addressed the last couple of months. Feel free to park in a parking space and meet your child at the gate. Please do not drop-off or pick-up your child in the driveway in front of the district office.

I'm hopeful the next three-week stretch of school will be smooth for you, your child, and what we are doing here at Mistletoe.

Make it a great week.
